The Unborn speaks

And I am the voice of universal all-unity

Here, Markus Söder says: "**Justice is what ultimately creates competitiveness.**"

Here, Markus Söder says: "**Money, the economy, plunder, and profit define justice.**"

I tell all you,

It doesn't get any more perverse than this. Markus Söder presents "**rotten compost.**" He truly is and vouches a monster and should resign immediately. Even brain surgery won't help him. **Christianity is simply a plague.**

**YES**, Christianity is the compost of Judaism.

Tell him so. Absolutely!

"**Lies kill love. But truthfulness kills it even more,**" by Ernest Hemingway

But I tell all you

This statement is not only absurdly wrong, but suicidal.

The truth is, that truthfulness by no means destroys love, but only the idea of it; that is, **it kills the illusion of love**, its self-deception, the misconception, the castle in the air, the chimera, the theory, and the wishful thinking.

Ernest Hemingway was neither willing nor able to confront his self-deception, but clung to it. Therefore, he could not encounter true love within himself. **He was thus forever trapped in lies. Even his supposed sincerity was a lie. His suicide is a consequence of this lie.**

Truly,

**Only those who dissolve (kill) the illusion within themselves find true being.**

Perhaps you should be more sincere in your choice of **quotes!**

**"I'll gladly have another eggnog. Life has to go on somehow!"** by Hape Kerkeling

I tell all you

**Hope masturbates on wretchedness, and finds its climax there.**

And further I tell you

There are thousands of statements by me. Yet nowhere have I ever found myself quoted. Do you have any idea what that means?

Well, I'd like to enlighten you here before I bid you farewell:

That you avoid me means, without exception, that everything I proclaim is true.

You, however, **love** lies and illusions, in which you have been bred, in which you wallow, and in which you believe yourselves to be safe.

You know nothing of life > > **and neither does your eggnog!**

Today at 1:26 PM I received this message from a friend:

With this statement, the MZ and presumably the entire media landscape, is confessing its own bankruptcy.

They are professing that: If we can't stop and end the catastrophe, the apocalypse, the decline, the Third World War, the misery, and the horror, then we'll just drink ourselves into oblivion. We'll dance drunkenly on the edge of a volcano and call that life.

The "Golden Twenties" and the subsequent Hitler fascism were arguably the first serious warning of the unimaginable horror that could now follow. We've learned nothing from history!

An eggnog is also a synonym for religion, politics, ideology, lies, and self-deception. It represents prosperity, freedom, and democracy..

Truly

**Whoever lies, lies to the entire universe**

Never, ever will he/she find peace. **Never.**

And my word holds true in the boundless heavens and on timeless earth

**I am the path and the Wooden walkway,  
the bridge and the way**

Neither the universe is folkish or the earth. The universe knows neither a Lord nor a God nor a King, and certainly not that dualistic world. The universe's greatness, spirit, glory, content and sense is free, light, holy, penetrating, comprehensive, inexhaustible and intangible. This freedom knows neither a master nor a slave, is before all words and names, without beginning, without end and without becoming. The universe is the unborn master of all masters and is reflected in the empty womb of all living things. This master is the **ALL-ONE** and belongs to no one.
